### Pullwire and Pull cable

The pullwire supplied is a flexible steel wire cord 3/16" outside diameter with green or red PVC covering.

3/16" Green Pullwire Code No: 41 032 002

3/16" Red Pullwire Code No: 41 032 003

The pullcable is a single wire braided armour cable all cores being unscreened, available as either 4 core or 6 core. Each core being 24/0.2mm copper insulated with resistance of 54Ω/loop km

4 Core Green PVC Covered	0.312 Outside diameter	Code No: 42 649 001
4 Core Red PVC Covered	0.312 Outside diameter	Code No: 42 649 012
6 Core Green PVC Covered	0.36 Outside diameter	Code No: 42 649 002
6 Core Red PVC Covered	0.36 Outside diameter	Code No: 42 649 009

#### **Davis Derby Limited**

Davis Derby is a long established designer and manufacturer of intrinsically safe electronics and explosion-proof electrical equipment. All our equipment is designed for use in underground coalmining and other hazardous or demanding atmospheres. Davis Derby is also a leading provider of off-road vehicle driver access control and fleet management information systems. Our products are in service across the world in a variety of mining and arduous environments.

Davis Derby Limited comprises of 4 core strategic business units:

#### **StedFAST™**

Mines, quarries, steelworks, power stations and processing plants are demanding environments. Hazards are many and varied and nowhere more so than where bulk materials are being conveyed in the presence of personnel. Incidents involving product spillage, misaligned or torn conveyor belts and other mechanical malfunctions can cause injury to staff as well as costly downtime, damage to machinery and loss of revenue.

#### **MineWATCH™**

Mine productivity and personal safety have been priorities at Davis Derby for more than two decades. In this time we have led the way in product development, harnessing cutting-edge technologies and the potential of microprocessor based outstations.

#### **Bespoke**

With a long history of developing unrivalled safety, communication and monitoring products for hazardous, explosive and arduous environments, Davis Derby is uniquely positioned to offer a bespoke design and manufacturing service for industrial applications. Our engineers are also specialists in adapting existing technology to be suitable for operation in hazardous gas and dusty atmospheres and obtaining the appropriate certification to ATEX, IECEx, UL and CSA standards.

#### **TruckLOG™**

Designed with demanding materials handling environments in mind, the Davis Derby TruckLOG suite of modules tell you everything you need to know about who's driving your trucks – and how. It puts you firmly in control of driver access, shock reporting and investigation, driver training needs and vehicle service and maintenance schedules.
